Summary

- Software Engineer with 2+ years of experience in web development, especially in PHP Laravel. I have completed multiple freelance projects, creating custom websites and web applications with customized APIs that meet the diverse needs and objectives of my clients.

Skills

Back-End • PHP • Laravel • API • Design Pattern • SQL • NoSQL • OOP (Object-Oriented Programming)

Work Experience

Back End PHP Developer

Oct 2022 – present

Amr Khaled Freelance • Self-employed

Remote

Technologies: Laravel • PHP • OOP (Object-Oriented Programming) • Design Pattern • RESTful API

- As a Backend Developer, I've amassed over 2+ years of hands-on experience in PHP (OOP) and the Laravel framework, specializing in crafting robust backend solutions. Proficient in SQL databases and navigating Linux servers, particularly Ubuntu, I bring a wealth of technical expertise to drive project success.

PHP Developer & WordPress Implementer

Jun 2021 – Jan 2022 • 7 mos

Cmdserv • Full-time

Damanhur, Egypt

Technologies: PHP • WordPress

- With a portfolio spanning over 10 clients' websites, I've gained experience working across shared, VPS, and dedicated servers, including CentOS and Oracle RedHat. During my tenure as a Junior Front-End Developer from February 2019 to May 2021, I embarked on a self-learning journey, mastering HTML, CSS, Bootstrap, Sass, and JavaScript.

Projects

Marcomaldini

Mar 2024 – May 2024 • 2 mos

Technologies: Laravel • PHP • MVC • API

- I drove essential developments for both web and mobile applications. Notable contributions include efficient bulk glasses import and image uploads, streamlined brand and category management, user-friendly purchase limits, and customization of our multi-vendor mechanism.

Smartmart Egypt

Aug 2023 – Nov 2023 • 3 mos

Technologies: Laravel • PHP • API • OOP (Object-Oriented Programming) • SOLID Principles

- I led pivotal developments for web and mobile platforms. Notable contributions include efficient bulk product imports, streamlined brand and category management, user-friendly purchase limits, and region-specific delivery fees.

Mnastk.com

Jan 2023 – May 2023 • 4 mos

Technologies: Laravel • API • PHP • Design Pattern • Database

- I contributed significantly to shaping the Courses Platform Solution. Notably, I optimized course management, enhancing user engagement and platform efficiency. These efforts have greatly improved our e-learning experience for students and teachers, reflecting our commitment to ongoing transformation.

Education

Bachelor's degree: Computer science

Aug 2022 – May 2026 • 3 yrs 9 mos

Damanhour University

Damanhur, Egypt
